A group devoted to glass

VIDIVI Vetri delle Venezie is an Italian brand manufacturing glass items for the dining table and home that stands out thanks to its high level of design and quality. All is Made in Italy.

VIDIVI's Italian glass is universally recognised for its outstanding degree of transparency as well as for its shine and strength; production takes place at the Vetrerie Riunite factories in the province of Verona.

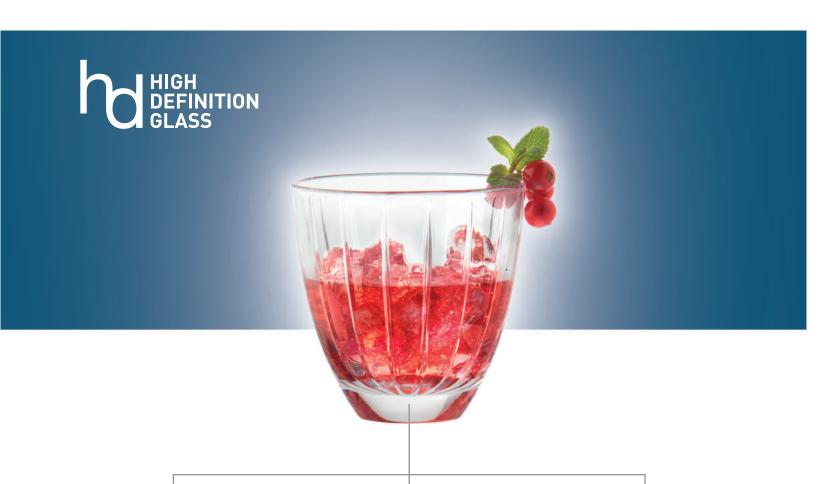

Vetrerie Riunite S.p.A. is an Italian manufacturer of precision glass and design. It supplies the most important companies on a global level in the home appliance, automobile and kitchenware industries.

VetrerieRiuniteGroup

"High Definition" Glass

Brilliance and transparency guaranteed up to 3000 industrial washings

- The high certified chemical stability of our glass makes it resistant to both hydrolytic attack and attack from detergents.¹
- "Extra White" glass, thanks to the almost complete absence of iron, as proved by a light transmission at 92%.²
- Extremely high brilliance, with a refractive index of 1.51.3

- + Lead free = 100% recyclable
- + microwave safe
- Unlike crystal, our glass **contains no lead or cadmium.**
- Hd Glass can be used in complete safety in restaurants and public businesses and fully respects REACH regulation no. 1907/2006/

Pressed glass, safe and resistant

 It does not shatter into tiny pieces neither does it explode when broken, so does not represent a risk during use: in tests, the base breaks away from the rest of the glass, therefore limiting the dispersion of glass chips.

The right glass for every occasion

Espresso Glass

3oz

A glass designed for sipping coffee without burning yourself, thanks to the structure of the bottom. Also perfect for presenting mousses and desserts.

Small Tumbler

from 7.4 to 8.1 oz

The perfect size for all kinds of drinks, ideal for those who prefer a strong and comfortable hold, thanks to its reduced size.

from **8.5** to **10.1 oz**

To enjoy a drink, the best wines or elegant desserts.

Dof Tumbler

from 10.1 to 13.5 oz

Not just for water: this tumbler is perfect for enjoying an after-dinner drink on the rocks.

from **9.5** to **10.1 oz**

Juices, smoothies, cocktails, the glass that gives scope to imagination.

from **18.5** to **16.9 oz**

Ideal for an ice-cold drink on a hot summer's day or perhaps a mojito with friends in the evening.

Bowls: it's your choice

Individual bowl

from 2.8" to 3.5"

Perfect for all types of dips.

Individual bowl

from 3.9" to 4.7"

Elegant for food presentations, including fashionable finger food.

Individual bowl

from **5.1"** to **5.9"**

For fruit salad or ice-cream.

Individual bowl

from 6.3" to 7.1"

Originality in the presentation of soups in place of the traditional deep dish, as well as for single servings of salad or side dishes.

Bowl

from 7.5" to 8.7"

Ideal for serving fresh fruit and salads, as for desserts.

Bowl

from **9.1"** to **10.2"**

As a salad bowl or bread plate.

Bowl

from 10.6" to 11.8"

Pasta bowl or a fruit bowl, the practical choice for a table with class.

Tumblers

A complete range of tumblers from A to Z, ideal for all requirements for the bar or table. A heavy base for increased stability and importance. Either smooth or enhanced by modern and elegant embossing; rounded, squared or hexagonal shapes.

Rialto 2.4.6 📵 🗐

The Rialto stackable tumblers are designed with a series of glass drops on the inside of the glass that not only decorate the glass with a stylish motif but also represent a unique method of stacking the tumblers with maximum stability.

Stackable, functional, smart.

Design registered Patent no. 002100909 Utility Patent no. VR2012U000043

tumbler hb 13.9 oz / Ø 3.3" / h 5.5"

Luce and **Prisma** have been studied for the bar. They are characterised by a design placed on the external base of the tumbler, in such a way as not to disturb the mixing of cocktails with internal decoration (which would tend to create friction). A discrete internal ring aids stacking and the smooth and completely transparent sides leave space for personalisation.

Mix & Co. 📵

VIDIVI has always had tumblers in its DNA. A tumbler that is resistant, striking and stylish. Mix & Co has been created to meet the needs of bartenders and highlights the technical characteristics and the quality of the glass.

Mix & Co. combines ergonomics and vintage design: a heavy base for increased stability, and external decoration both for improved hold and reduced friction during mixing. This collection is composed of 4 tumblers and the essential mixing glass, a tumbler for the preparation of several cocktails at once, mixed and cooled with ice as per the stir&strain technique. To complete the line, the accessories par excellence, the stirrer, or bar spoon, ideal for the mixing of the contents, and the strainer, to strain the drink from the mixing glass to the tumbler.

5 good pieces of advice for the use of our glassware

Our tumblers are tested to resist up to 3000 industrial dishwasher cycles: brilliance and transparency are guaranteed for 10 years, with correct maintenance.

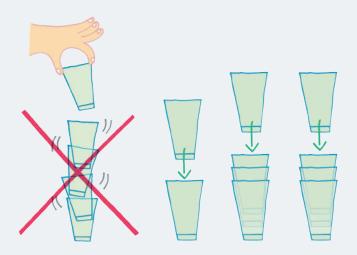

Our glass resists a thermal shock of 158° F. Therefore, avoid using ice in tumblers immediately after removing from the dishwasher, wait a five minutes for them to cool. Alternatively, use with hot beverages presents no risks.

All VIDIVI tumblers marked '2.4.6' are stackable and guaranteed for this function. Please do not stack tumblers that are not expressly marked 2.4.6, to avoid breakage.

To avoid chipping, do not pick up tumblers with your fingers inside the rim.

Glass is resistant but it breaks! Please remember to buy 20/25% more than you need, to be sure not to run out.
